## An Evening with Chairman

### 1) How do you feel on becoming the Chairman of BAI, Mysore Centre?

It's a honor to have been elected as Chairman of this prestigious center. As you are aware, our center has been awarded as the best center for consecutive 21 years now. This is one of the centres in which Chairman's are selected unanimously without an election. Now, I have become the chairman of it, which I'm very happy about. And, I thank all the members who have made this happen and assure them that, I will work hard to continue the legacy of being the best center.

### 2) How was your journey from the day you became the member of BAI till now?

My journey till date is very good and memorable. We have had the great chairmans and the best team all these years. Because of this only, our centre, has been awarded as the best centre for consecutive 21 years now. From the year I got installed to this prestigious centre, I have been given one or the other responsibilities and got an opportunity to be a part of almost all past chairman's team, which I'm proud of.

### 3) What is your greatest strength as BAI leader?

Well, Leaders motivate others to achieve something new and better. Interestingly, leaders do what they do to pursue innovation, not as an obligation. They measure success by looking at the team's achievements and learning. And, I believe, my greatest strengths as BAI leader are

- Ability to work with different personal styles and approaches.
- Being able to make courageous or difficult decisions.
- Collaboration skills and inter cultural sensitivity.
- Conflict resolution skills.
- Effective negotiation skills.
- Excellent communication skills.

### 4) How do you handle stress?

Usually, I don't get stressed . As, whatever I do, there will be lot of work and exercise in the back end before execution. My team has been great all these years that does their assigned tasks effectively, with love and care. And, my mantra for stress free life is "5 A's" to better manage stress, which are Avoiding, Altering, Adapting, Accepting and being Active.

### 5) What do you think is the most important role of the Chairman?

The overarching role of the chairman is to provide leadership; they must be an effective strategist and a good networker. To lead the team in setting the vision and values for the organization, and ensure this is communicated to all other key stakeholders. To make sure each team member is engaged and hold them accountable.

### 6) What is the significance of the theme this year?

Our theme for this year is "Elite – Engage – Enable: Together we can Achieve More". i.e, as a Team we are to "educate/train by involving them & making it possible".

Participation of the team in the process of team building activities will obtain the optimum outcome to achieve our vision. Teamwork allows leaders to pool the strengths and skills of individuals, enabling the team to move in a unified direction toward shared goals. And, I believe, Teamwork unlocks potential for innovation, Teamwork enables better problem solving, Teamwork allows for smarter risk-taking and Teamwork boosts productivity.

### Message from Outgoing Chairman, BAI

Dear Office Bearers and Members of Builders Association of India, Mysore Centre,  
I am humbled to have had the opportunity to serve as your Chairman. This year has been nothing short of spectacular, and it fills me with immense joy to reflect upon the accomplishments we have achieved collectively. From the bottom of my heart, I want to express my deepest gratitude to each and every one of you for your unwavering support, dedication, and commitment.

Our flagship events were conducted in a grand manner, resonating with the true essence of our organization. The success of these events is a testament to the hard work, dedication, and passion of each member of our association. The dozen family meetings we held served as a platform for bonding, exchanging ideas, and fostering a sense of community among us. The release of the members' directory in hardcopy after many years was a significant achievement, symbolizing our commitment to transparency and inclusivity. Welcoming 13 new members and 7 patron members into our fold was another milestone, signifying the organic growth and appeal of our organization. One of the highlights of our year was sponsoring a new center in Udupi.

As I step down from my role as Chairman, I want to extend my heartfelt thanks to each and every one of you for your support, guidance, and encouragement throughout this journey. It is your dedication and passion that have propelled us to new heights and made this year a resounding success. To the incoming team led by Yoganarasimha, I extend my best wishes and full support. I have no doubt that under your leadership, our organization will continue to thrive, innovate, and make a positive impact on the community we serve.

With warm regards and best wishes for the future

Nagaraj Bairy

*Its quiet self explanatory. Hard work is a must to be successful. But take a deeper look and you will find more meaning to it than just hard work. Its process versus success.*

*It's so very important to respect the process that goes behind success. The sweat and blood, the discipline, the perseverance against all the odds, the investment of one's time in gathering knowledge on a subject and the sacrifice of one's pleasurable activities in favour of one's goals.*
